DEMO DATA — not a customer result

SiteRoster · illustrative sample

Evidence recorded: 11 Nov 2026 12:00 UTC

Site	Observed state / checked	TLS / domain expiry
Example studio · https://studio.example.com	up · 11 Nov 2026 12:00 UTC	TLS 10 Jan 2027 12:00 UTC · domain Unknown
Example shop · https://shop.example.com	unconfirmed_outage · 11 Nov 2026 12:00 UTC	TLS Unknown · domain Unknown

Detailed HTTP, confirmation, metadata and link evidence is available in the per-site history. Expiry data can be unavailable; an unconfirmed outage is not a confirmed outage.

Use the account history for the full machine-readable evidence. This report describes observations and does not guarantee service availability or commercial outcomes.
